Therapy services may include family treatment with high-risk adolescents, in addition to individual and couples' treatment.

Job Responsibilities:

- Provision of clinical therapy services to individuals, couples, and families
- Oversee clinical operations and services in area police departments and communities
- Supervision clinical staff and interns
- Facilitation of mental health groups related to trauma, anger management, and juvenile justice diversion programming
- Program oversight and implementation including all associated documentation and reporting requirements
- Conduct home visits to provide services to clients, when necessary

Required Qualifications:

- Master's degree **required** and licensure, strongly preferred (e.g. LCSW, LCPC, LMFT)
- 3+ years of experience working with high-risk adolescents and families
- Clinical supervisory experience strongly preferred
- Excellent oral and written communication skills
- Strong attention to detail and organizational skills
- Ability to work in a fast-paced environment
- Advanced training in trauma treatment modalities preferred
- Bilingual (Spanish) **REQUIRED**
- Reliable transportation for off-site work at schools, in homes, and other community-based settings
- **Compensation:**
\$32.00 - \$35.00/hour depending on experience (approximately 20-35 hours per week depending on availability and desired schedule)

NEDFYS does not provide employees with medical or dental benefits at this time.
